

# Design & Project Management

## *Speedy, Pioneer House, Bristol*

Bradley-Mason LLP were engaged by Speedy Hire Plc to undertake a roll-out of new concept "Super Stores" which combined and streamlined their usual operational services; one of the first schemes to be delivered was Bristol.

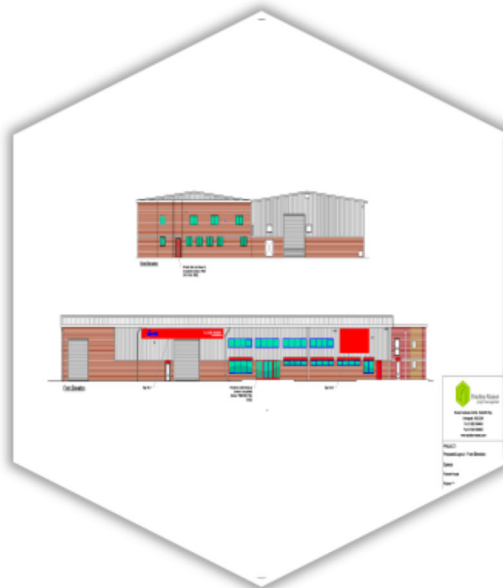

Our national team worked closely with the client to understand the operational requirements and develop a client specific design and specification.

The evolving brief was dealt with efficiently and the client was provided with regular time and cost updates.

Meanwhile, standard details were developed to streamline the design process, provide consistency, improve quality and reduce costs on future schemes.
