

Industrial & Manufacturing Case Study

Nationwide

As experienced property consultants Bradley-Mason are able to advise on a wide range of property matters affecting industrial premises. Whether it be in respect of dilapidations, service charges, lease liabilities, planning and development, design and specification, project management, building pathology, asbestos compliance or Party Wall affairs.

Acquisition

Salts Healthcare appointed Bradley-Mason LLP to produce an Acquisition Report for the freehold acquisition of a property for owner occupation. The site of 15,000 sq. ft of open plan steel framed industrial unit which had been partly refurbished by the Landlord and was to be fitted out for the manufacture of health care products.

Dilapidations

RMB West Bromwich Appointed by the LL to deal with Terminal Dilaps over 18 months prior to lease end. He wanted to dispose of his freehold and maximise the return on investment, avoiding a protracted Dilaps dispute. By serving an Interim Repairs Notice prior to lease end, the Tenant recognised the LL's ability to exercise the 'Self Help' clause and an all in surrender was agreed incl rent and Dilaps up to lease end. This allowed the LL to implement essential works and dispose of the freehold at maximum market price.

Design and Project Management

Bradley-Mason LLP worked with Skelton Group (Midlands) Ltd [LL] and Unipres (UK) Limited [Tenant] to deliver a bespoke, fully refurbished, manufacturing facility. A partnering approach with all stakeholders, close team work and a pro-active contractor all contributed to delivery of the project on time and below budget.
